This enables readers at a distance from the Capital of Indiana, to get the news of the day from six to twelve hours before they can receive it through papers published elsewhere. News dealers and carriers in any of the towns on railroads centering at Indianapolis, will be supplied with the SENTINEL on as good terms as any other paper. Clubs for the Daily will be supplied at Agents' rates. Orders are solicited.

A Mistake. The impression appears to prevail among many Democrats that we have no Job Office connected with the SEN-TINEL office. This is a mistake. There is no office in the city that is so well prepared to do all kinds of BOOK AND JOB PRINTING as we are (except large bill posters), pend on to aid the paper-we ask the party to aid us with their work, as far as they can. We can do as good work, and on as good terms, as any other office.

Valuable Documents. We have for sale the following valuable documents, and ask Democrats in every County and Township in Indiana to club together and send for them, for distribution: Voorhees's Speeches.

The speeches of Hon. D. W. VOORBERS upon the financial policy and frauds of the Administration party, and his vindication of his statements in that speech in reply to the comments of Mr. Dawss, of Massachusetts. These speeches show, from Republican record, the expenditures of the Administration; the amount of the public judebtedness, and the gross frauds by which that debt has been increased. Mrs. Thompson & Son are in receipt of the New York illustrated papers for this week. BARBER SHOP FOR SALE .- I will sell the fix-

tures and good will of the Spencer House Barber shop. Apply on the premises, to DAVID RINKLE. Letters from intelligent naval officers at

Vicksburg speak of the impracticability of re ducing the batteries there without the co-opera- wingtion of a land force. The rebel works are said to be very formidable.

Tomatoes.-We noticed yesterday that Hawes on Illinois street had the first green corn of the season-and sweet corn it was, as we know from trying it. To day we can tell our readers they can find nice tomatoes at the same place.

By Moonlight. - A boat will start from the North street crossing of the canal this evening, at 8 o'clock, for an excursion to a beautiful grove four miles from the city, returning by the light of the moon. A fine band will be in attendance.

Boy WANTED-To fold papers, help put up the early mails, and make himself generally useful round the office. A good, industrious boy will get a steady situation, with an advance in wages, as his ability increases. Apply at this office. 10-3t.

We will commence publishing the tax list to-morrow, and will continue it from day to day until it is completed. It will then be given in full on the outside of the paper as a convenient reference for business men and others.

REFRESHING, ALMOST - We had almost a refreshing rain yesterday, hardly enough to quench the thirst of the parched earth, but enough to lay the dust and cool the air in some degree. LATER .- More retreshments and much of 'em continued to a late hour.

A PRETT! WEDDING GIFT .- A few evenings since a young lady in the city of Georgetown, belonging to a rank secession family, was married to an officer in the regular army. Her relatives were opposed to the match, and among the presents sent by a very rebellious family was a loaded bombshell, intended for the happy couple!

The Treasury Note bill, as it has passed oth Houses, authorizes the issue of \$35,000,000 in denominations of less than five dollars. What ever effect it may have elsewhere, in the army payments small notes were absolutely needed. Soldiers were cruelly swindled and shaved in making change. The small note clause of the bill will be halled with delight by the army.

Lost CHILD.-Mary Ann Sheridan, about five years old, daugiter of John Sheridan, living at No. 230 East Washington street, between East and Liberty, was lost on the corner of New Jersey and Washington streets yesterday morning. She wore a pink dress and white apron, and shaker bonnet. Any one giving information of THE DAILY STATE SENTINEL is sent by all the early her whereabouts will confer a great favor on her

LADIES .- The officers of the Soldiers' Aid Societies are requested to attend a meeting of the Ladies' Patriotic Association at the Governor's residence, on Friday afternoon, at 4 o'clock, when they will please present full reports of the Ward Societies from the time of their organization. BRANBLE HOUSE, LAFAYETTE -- We can, by experience, commend the Bramble to the traveling public as a first class hotel in every particular. THE SENTINEL A NECESSITY-TO WHOM IT MAY Concern .- Our friend Simon, during the heat of yesterday, in company with a party of his friends of both political parties, sought, what is generally understood as being the Government Saloon, in pursuit of those refreshing fluids so essential to comfort in this weather. The party were about arranging (as Uncle Tommy would say) their 'styles," when Simon discovered that intellectual refreshment was also desirable; he therefore called for the Daily Sentinel. The little rubicund proprietor of the "Government Grocery" tartly replied, "I keeps no such a mean paper as dat." Whereupon Simon quietly remarked, "Den we don't want such a mean liquor as dis." BANK OF THE STATE.-We understand that the Board of Directors of the Bank of the State, at their late meeting, advanced to the State, for the bank's own notes, gold sufficient to pay the July interest. This is certainly quite generous, when the notes of the bank are ten or twelve per cent. below the specie standard. We are also informed that the branches have concluded to keep all the gold they now have in their vaults in trust for in convention, at the Court House, on Saturday, the people of Indiana, to whom they say it belongs, and not let the outside barbarians have it

No provision was made by the Legislature for the purchase of gold, not anticipating that the bank would let down from its pledge "to redeem An acre of grass in the north part of the its notes in gold and silver under all circumstances." So the "little monster" makes the advance to the State, so that she may stand on the same footing with other States in the payment of its interest.

the boat had gone but a few miles, and the signal was given for the fleet to put back. A swift boat was immediately sent to Fortress Monroe, by way of the main channel, to convey Captain Briggs, chief Quartermaster, with letters to the Commanding General. The answers being received in due time, anchors were again weighed, and led by the General himself, the fleet again sailed.

An army letter states that a rebel Captain, who was taken prisoner, confesses the rebel loss on Friday at Gaines's Hill was 24,000 and their total loss during the week 60,000 to 70,000.

Another letter says a number of our wounded have come in, having been ordered by the rebels to seek their own camps. Our loss now, says this letter, is reduced to 10,000 men. The Richmond Examiner of the 4th calls Tuesday's battle the fiercest and most sanguinary

CONGRESSIONAL. WASHINGTON, July 9. SENATE .- Mr. Foster, from the Judictary Committee, reported back the bill to chauge the place of holding the Circuit Court of the United

States so far as the District of West Tennessee is concerned. Mr. Foster also reported back from the same Committee the bill amendatory to the act to prohibit the slave trade. This bill authorizes the President to make ar-

rangements with foreign Governments, and especially with Denmark, for the colonization of captured Africans. Mr. King, from the Military Committee, reported a bill for the employment of persons of African descent in building entrenchments, and

for other war purposes. On motion of Mr. Sherman the resolution in relation to a quorum of the Senate was taken up. Mr. Sherman urged the passage of the resolution as a matter of necessity to relieve the Senate from the danger of being left without a quorum any time by the withdrawal of one or two members. He argued that there could be no constitutional objection to the bill.

Mr. Carlile argued against the passage of the resolution as giving to two or three States power to legislate for the whole country. This was entirely against the provisions of the Constitution. The President pro tem, had a paper read expressing his views on the subject, arguing that according to the Constitution no State could be destroyed; that the quorum provided for in the Constitution meant a majority of the whole number of Senators from all the States. He cited various cases of the action of the Senate as pre-
